**Statement of the Mangrove Action Group Board
To PBSD Board at their Meeting of January 5, 2010
Re: PBSD's Authority for Clam Bay**

At the present time, the PBSD's authority includes the maintenance of the conservation and preserve areas in Pelican Bay and the PBSD remains actively involved in a variety of activities to that end. The Mangrove Action Group Board supports and endorses this involvement. However, we have come to the conclusion that the time is not right to revisit the PBSD's authority in the wide-ranging manner implied by the proposed resolution. We feel it could have unintended consequences. We respectfully request that the PBSD Board withdraw this resolution from further consideration.
